

Calculation and Visualization of synergy scores for Drug Combinations

Drug combinations:

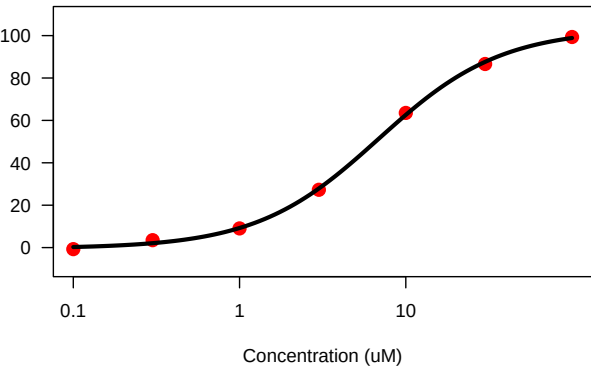

Drug combination	Synergy score	Most synergistic area score	Method
Nimbolide - Curcumin	1.14	5.18	ZIP
Aloe gel polysaccharides - Curcumin	0.98	3.84	ZIP
Piperine - Curcumin	-0.29	3.85	ZIP
Thymoquinone - Curcumin	0.30	3.62	ZIP
Giloy - Curcumin	0.47	3.69	ZIP
Withanolides - Curcumin	0.93	3.98	ZIP
Asiaticoside - Curcumin	1.04	3.16	ZIP
Madecassoside - Curcumin	0.41	3.90	ZIP
Boswellic acids - Curcumin	0.28	4.29	ZIP
Glycyrrhizin - Curcumin	0.05	3.84	ZIP
Eugenol - Curcumin	0.70	4.66	ZIP
Ursolic acid - Curcumin	-0.83	4.28	ZIP
Vitamin C - Curcumin	0.29	4.37	ZIP
Polyphenols - Curcumin	1.13	5.65	ZIP

Chosen parameters:

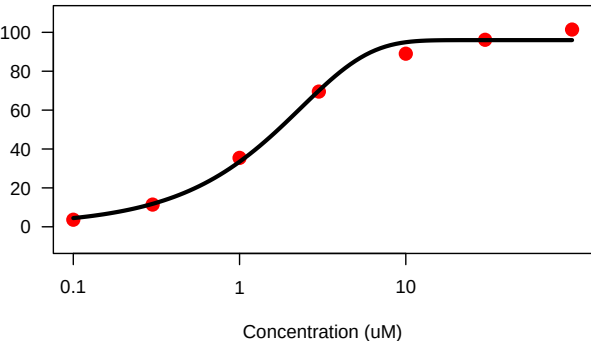

Readout: inhibition ; Baseline correction: Yes ;

Nimbolide & Curcumin

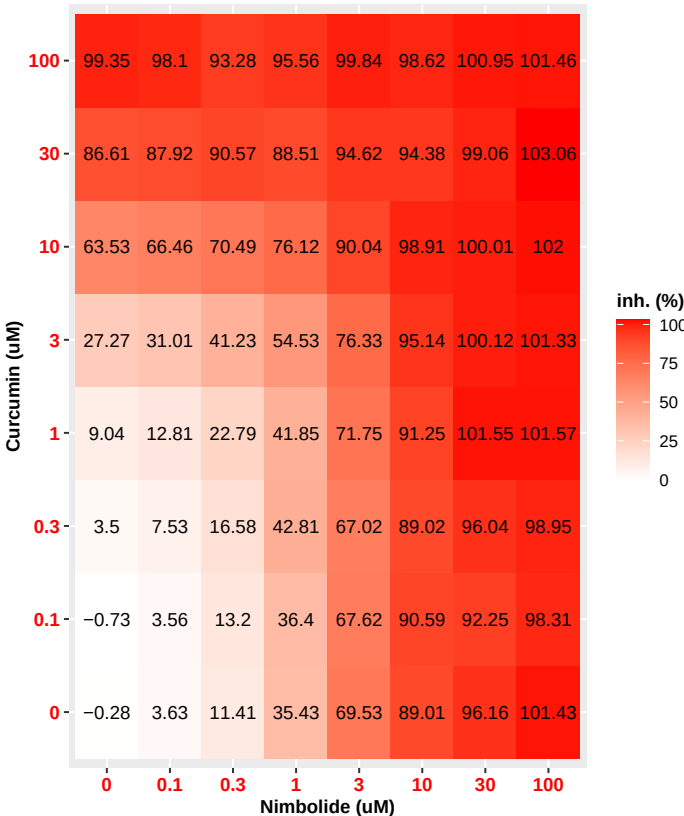

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Nimbolide

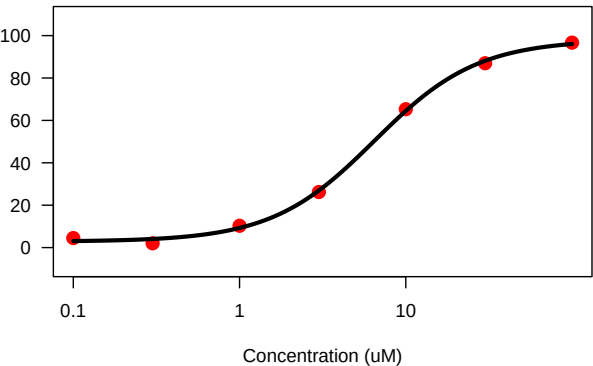

Dose-response matrix (inhibition)

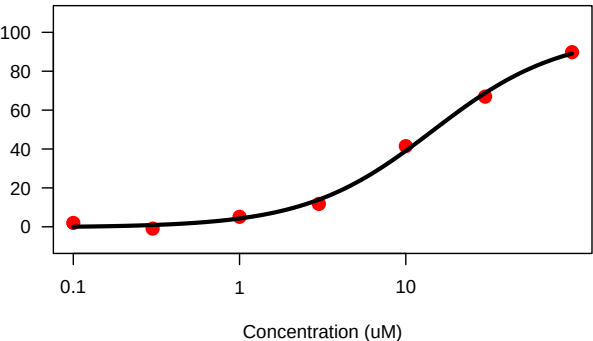

Aloe gel polysaccharides & Curcumin

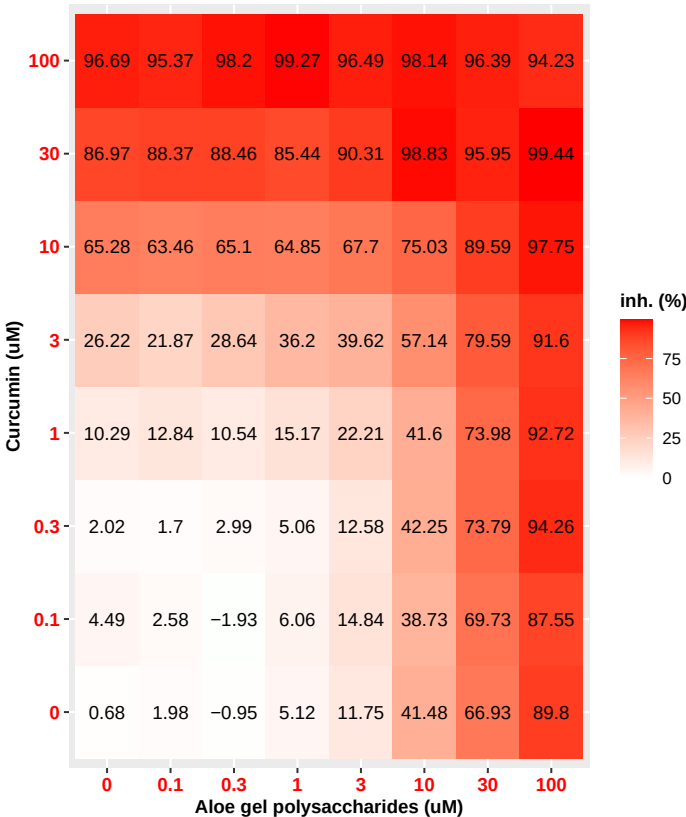

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Aloe gel polysaccharides

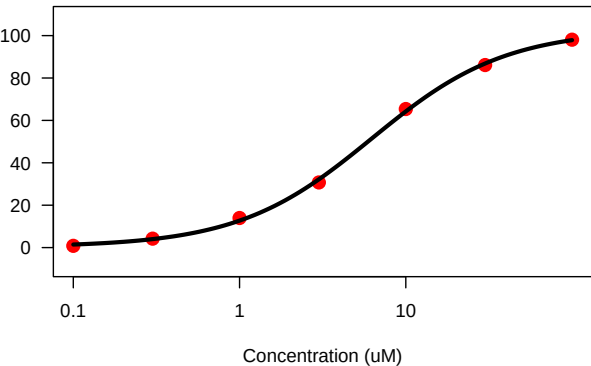

Dose-response matrix (inhibition)

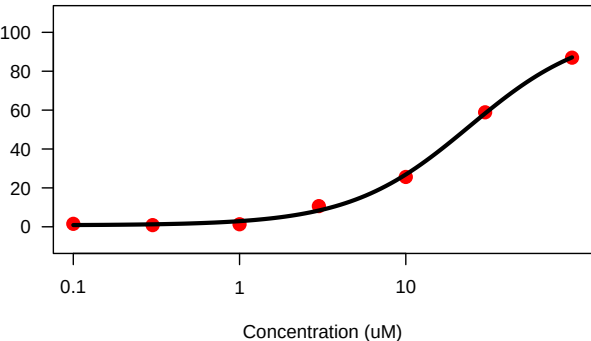

Piperine & Curcumin

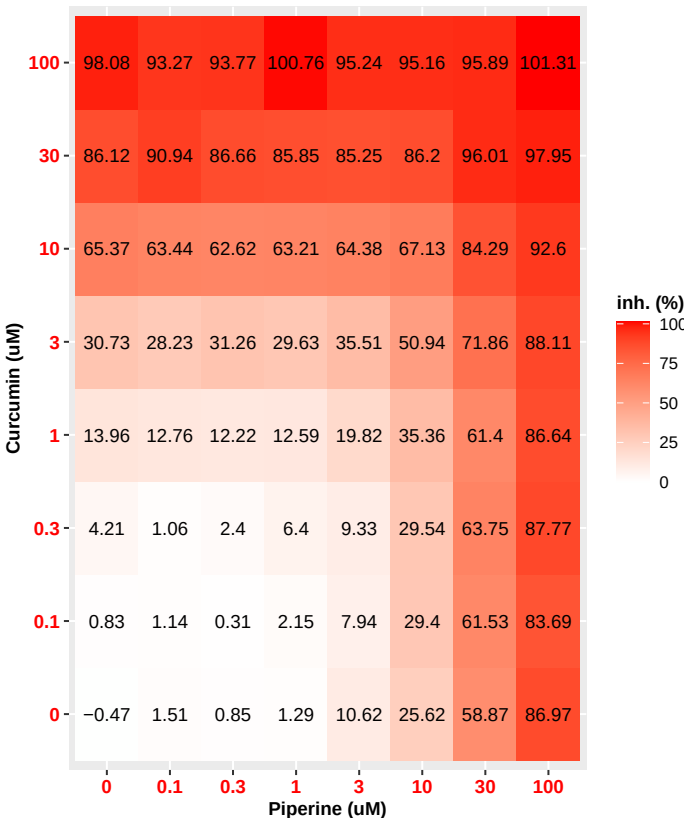

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Piperine

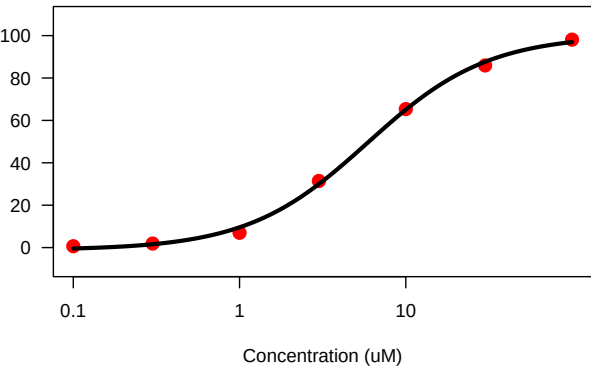

Dose-response matrix (inhibition)

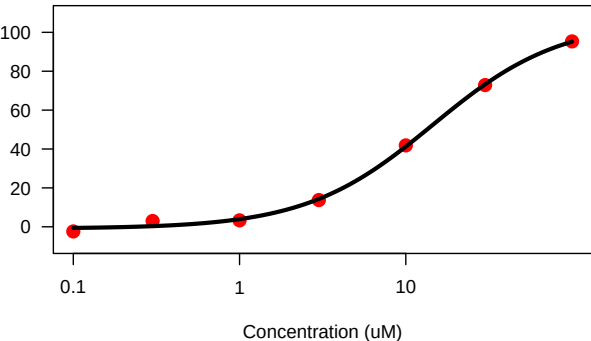

Thymoquinone & Curcumin

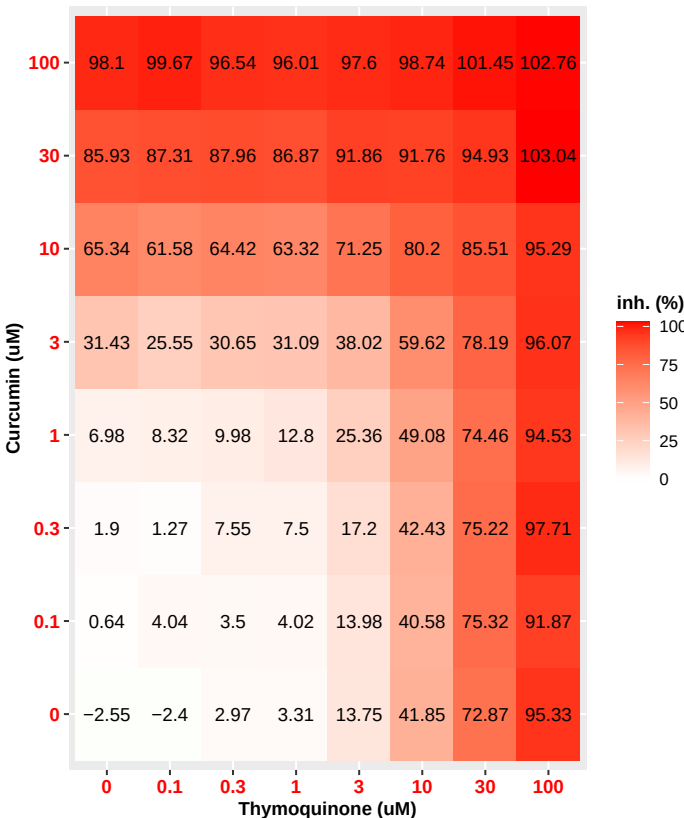

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Thymoquinone

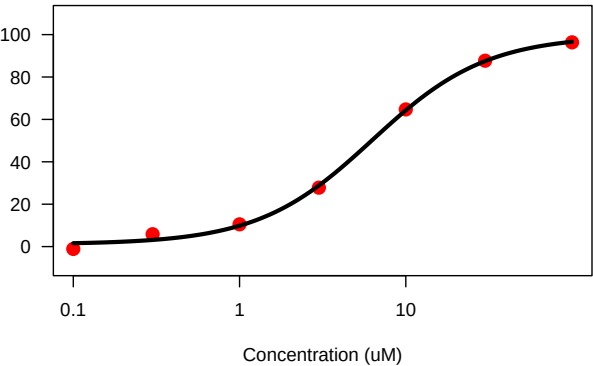

Dose-response matrix (inhibition)

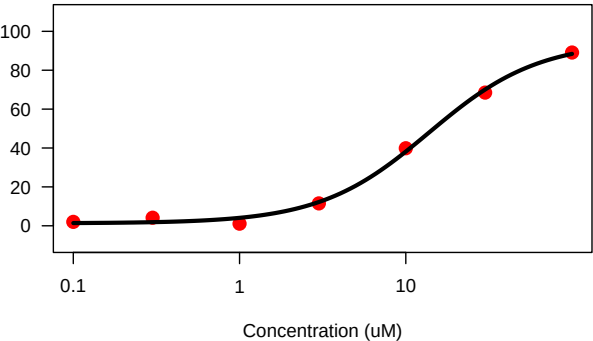

Giloy & Curcumin

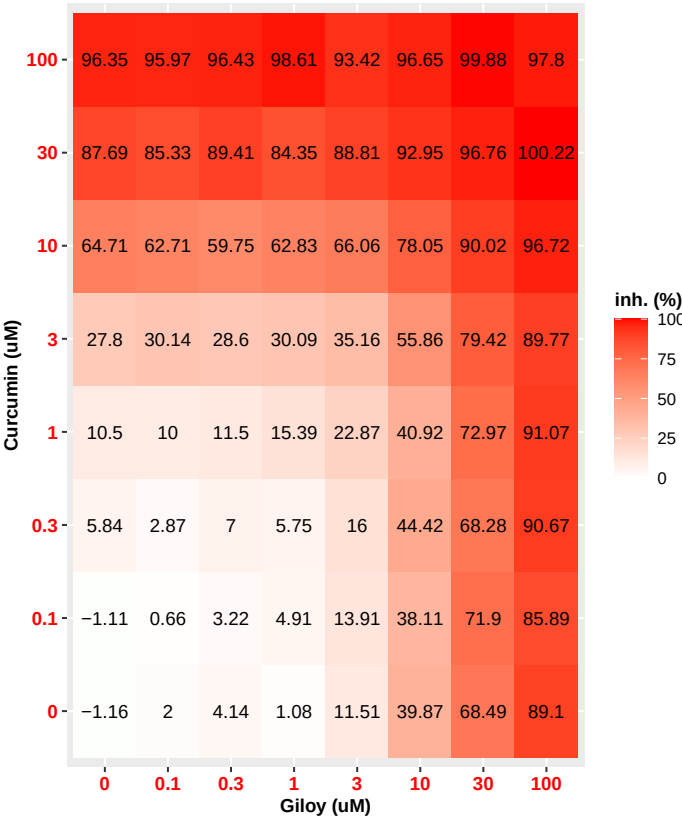

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Giloy

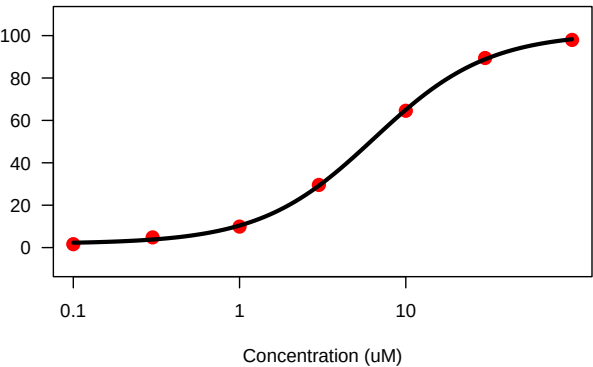

Dose-response matrix (inhibition)

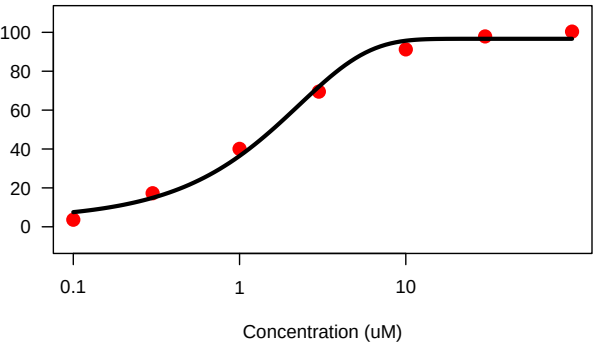

Withanolides & Curcumin

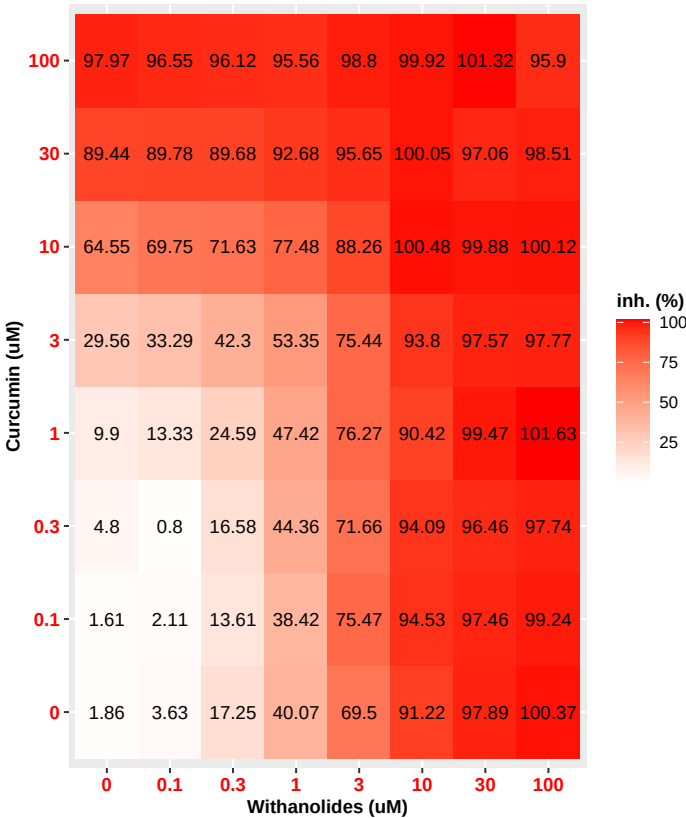

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Withanolides

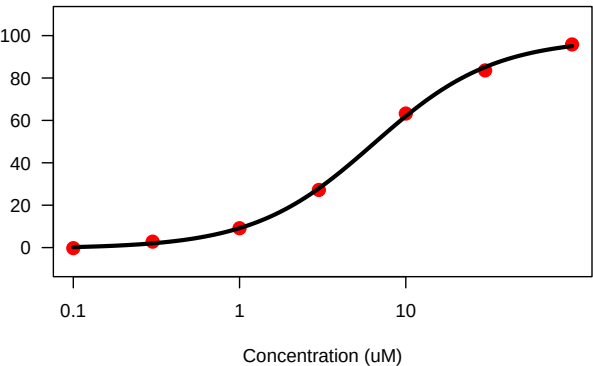

Dose-response matrix (inhibition)

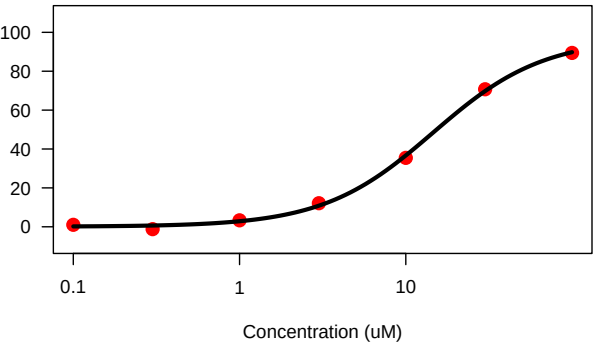

Asiaticoside & Curcumin

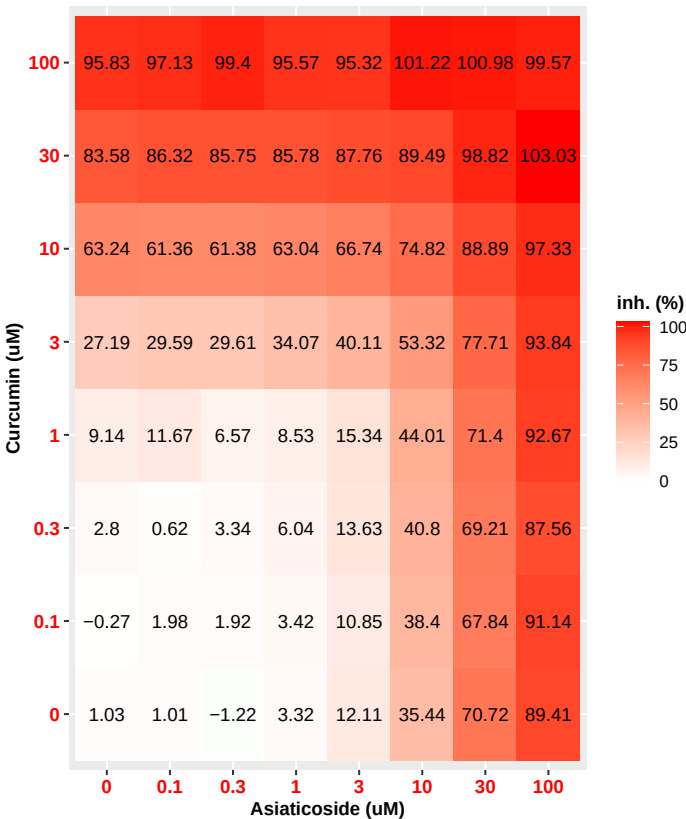

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Asiaticoside

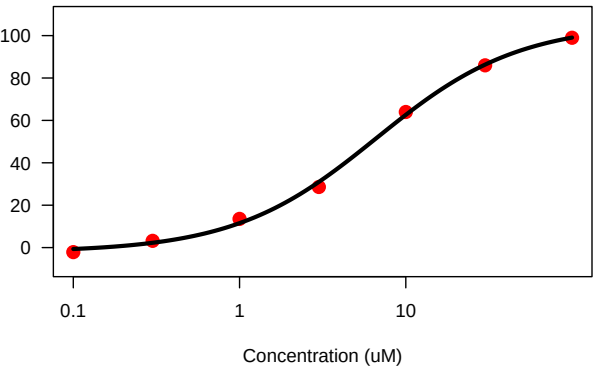

Dose-response matrix (inhibition)

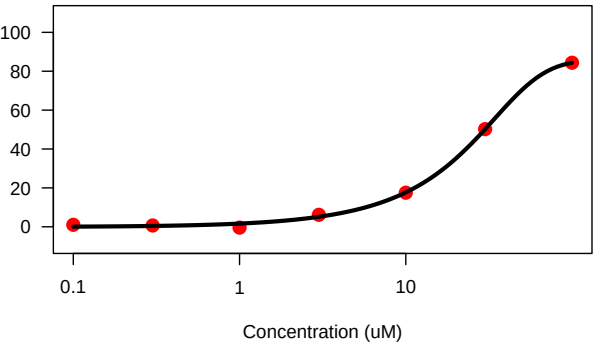

Madecassoside & Curcumin

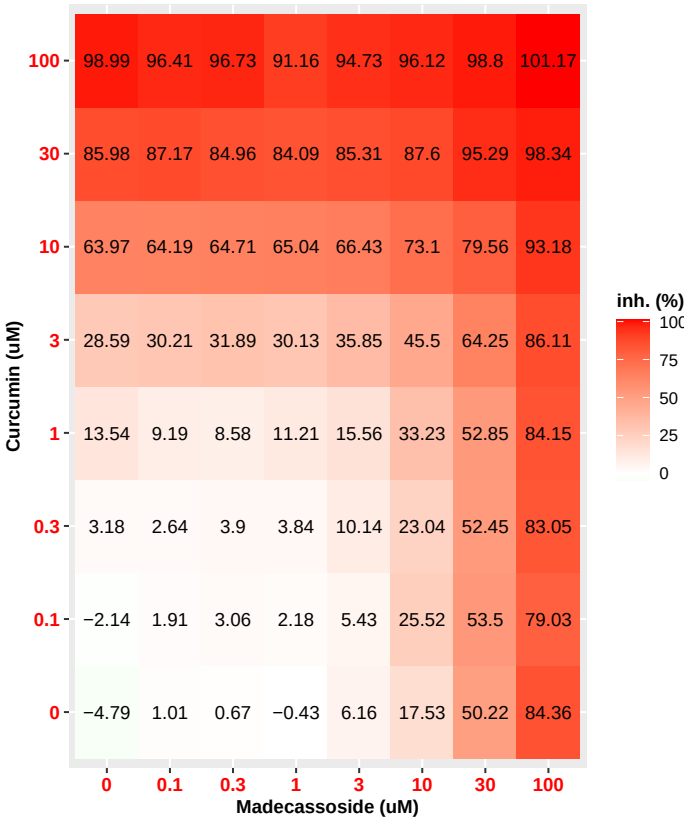

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Madecassoside

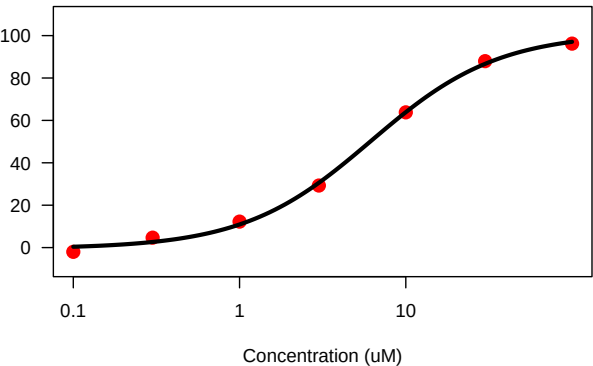

Dose-response matrix (inhibition)

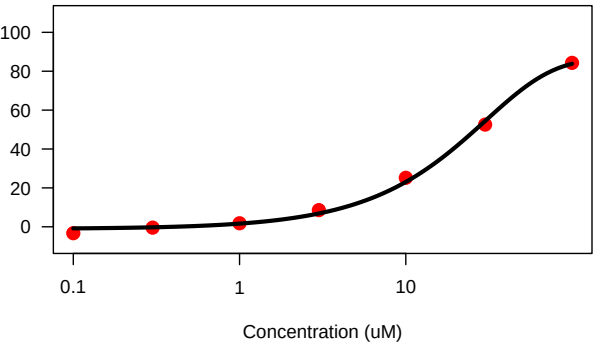

Boswellic acids & Curcumin

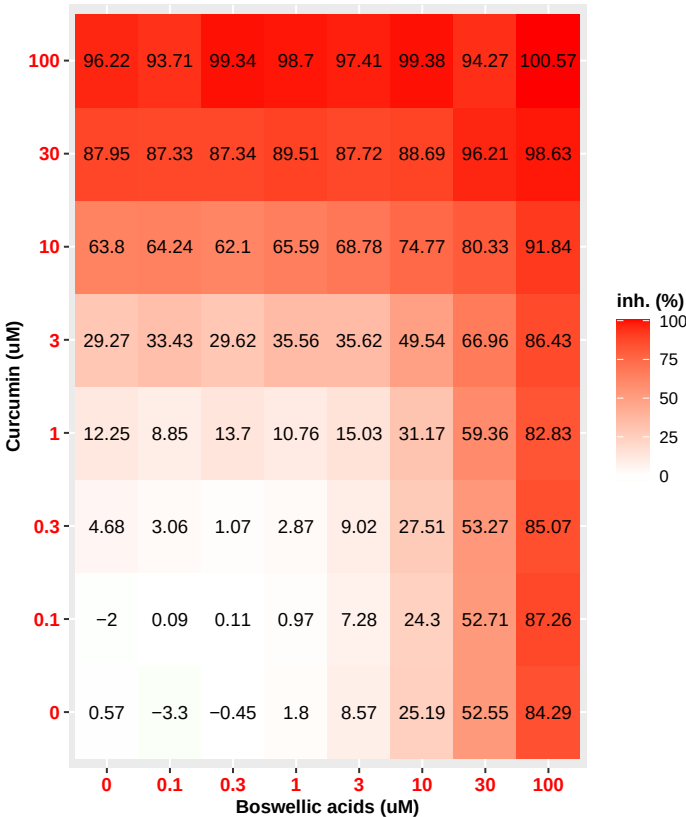

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Boswellic acids

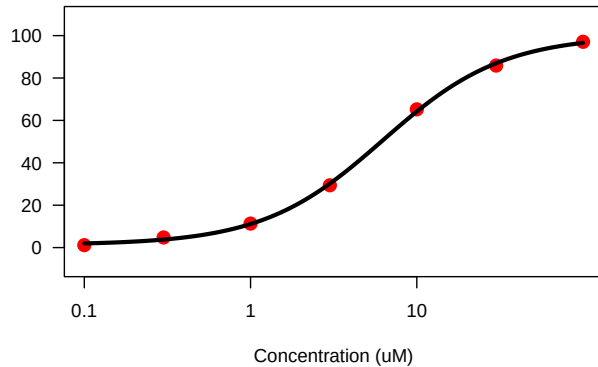

Dose-response matrix (inhibition)

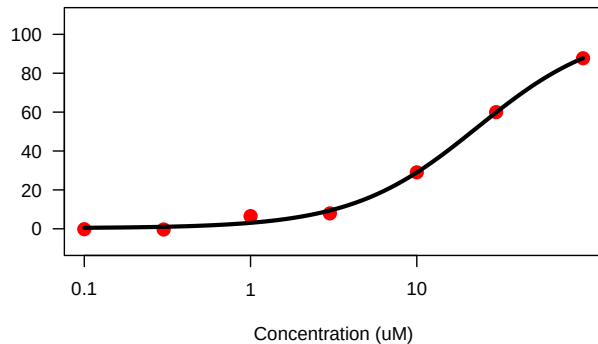

Glycyrrhizin & Curcumin

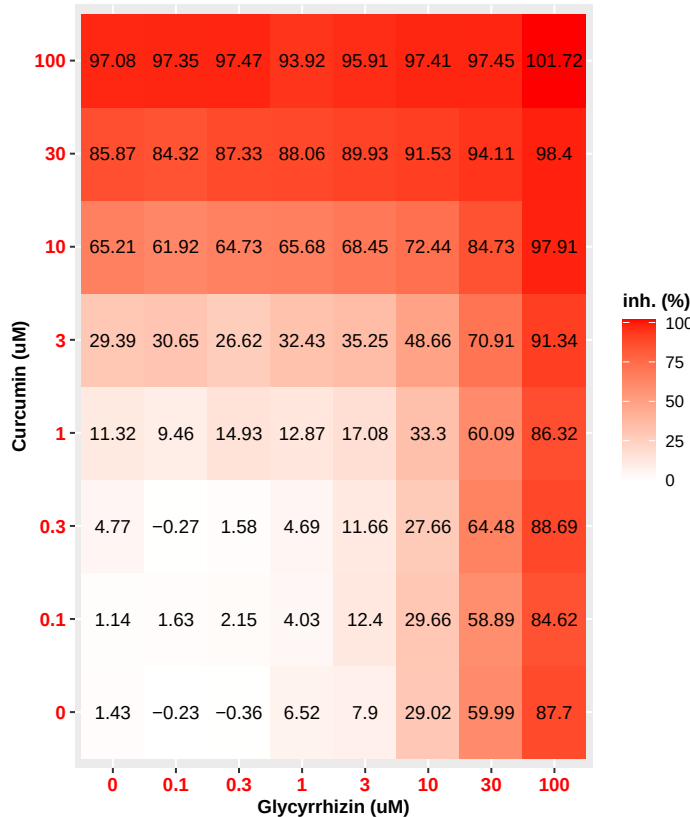

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Glycyrrhizin

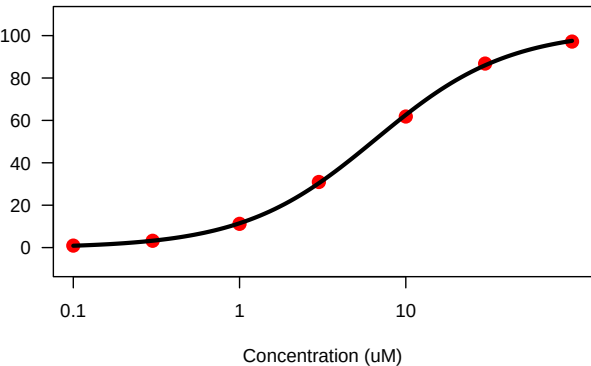

Dose-response matrix (inhibition)

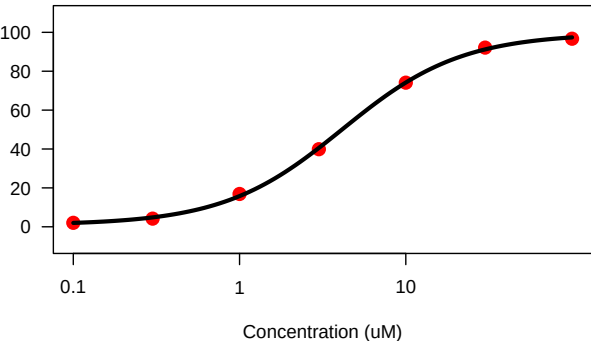

Eugenol & Curcumin

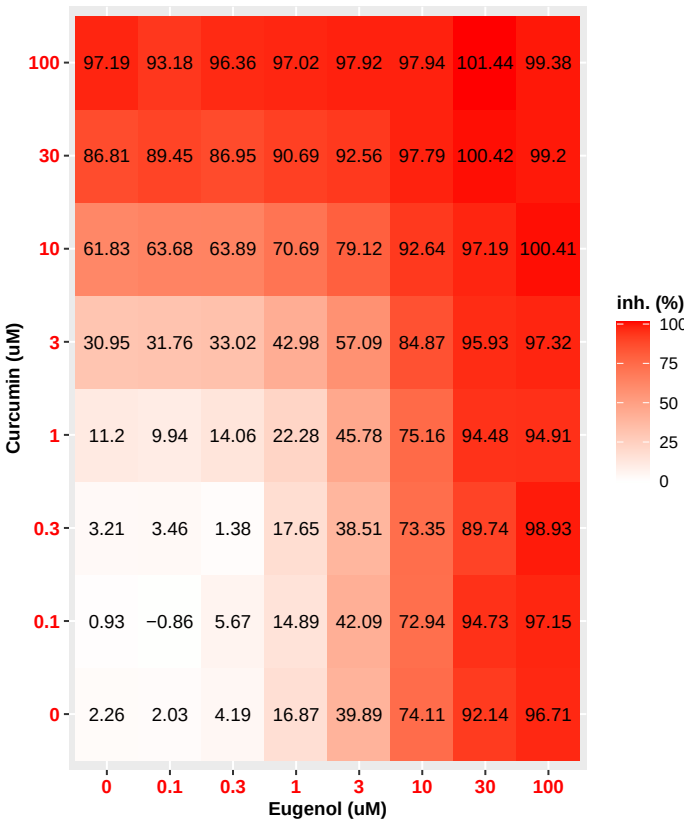

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Eugenol

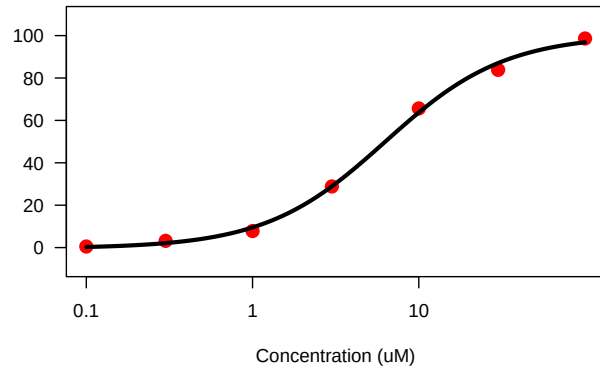

Dose-response matrix (inhibition)

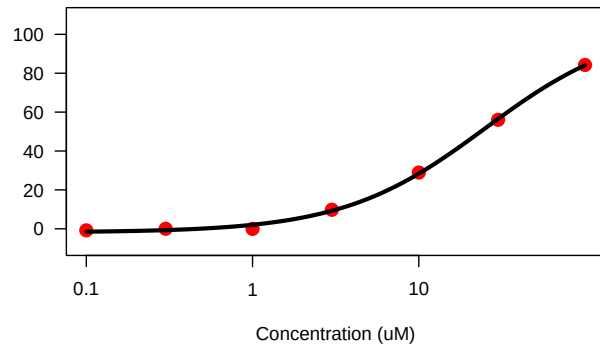

Ursolic acid & Curcumin

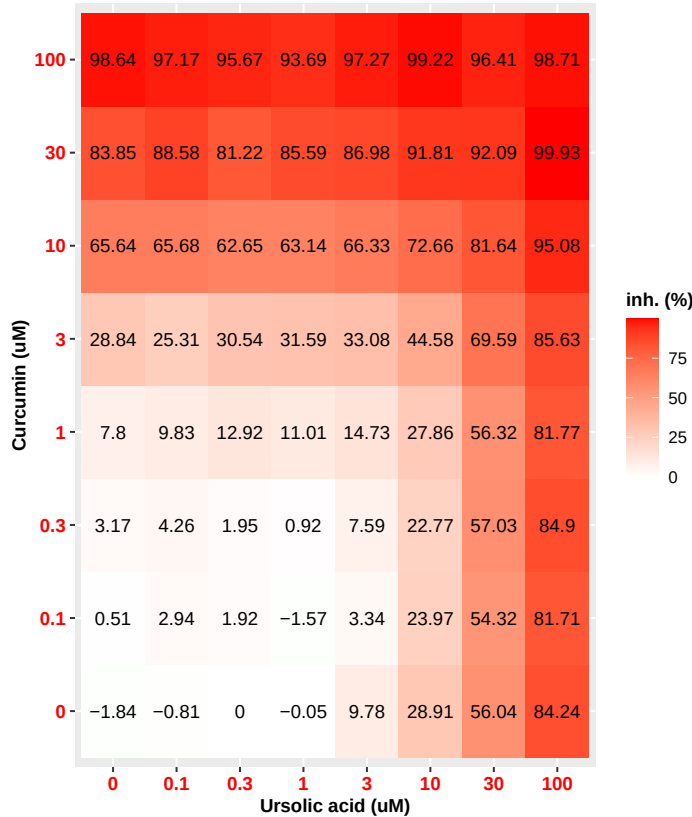

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Ursolic acid

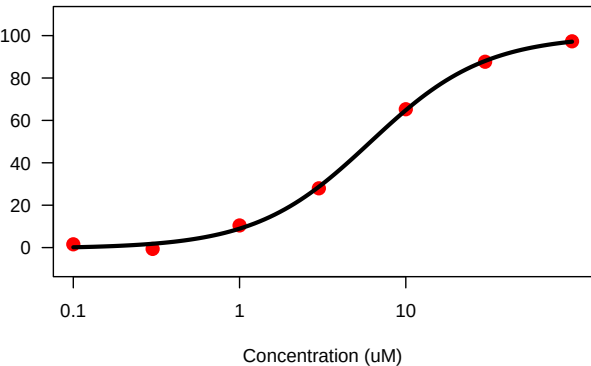

Dose-response matrix (inhibition)

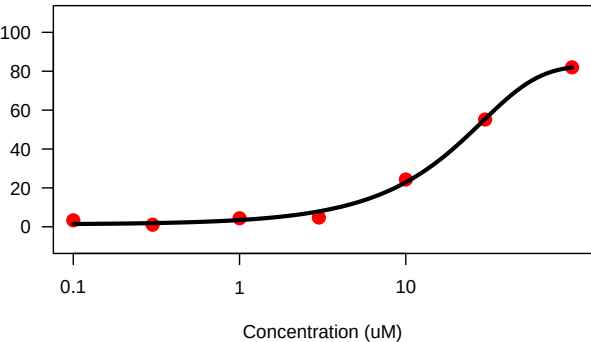

Vitamin C & Curcumin

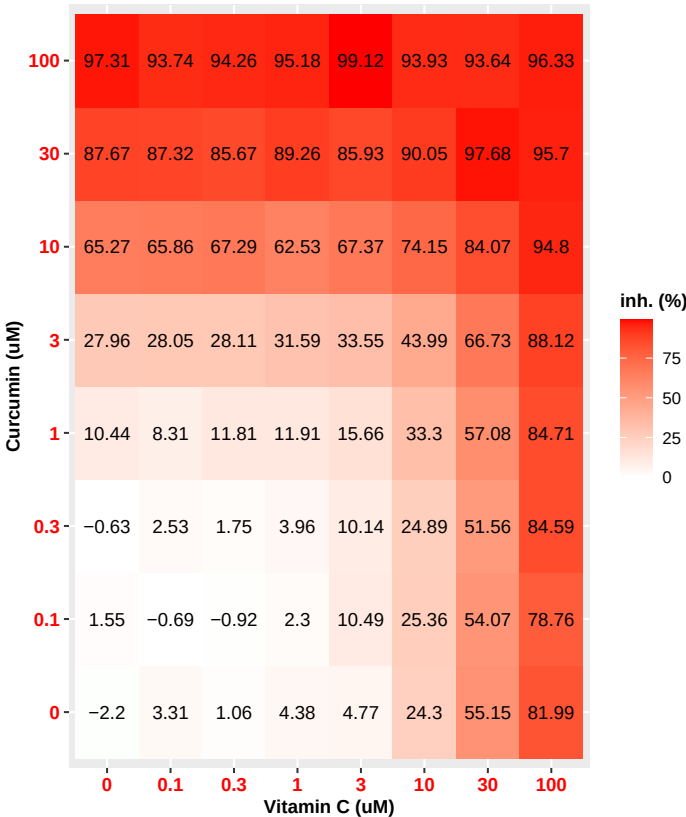

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Vitamin C

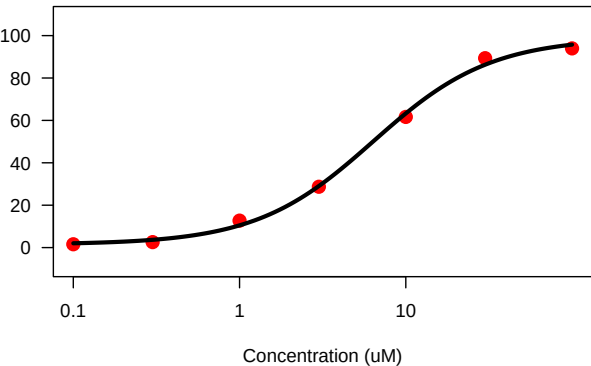

Dose-response matrix (inhibition)

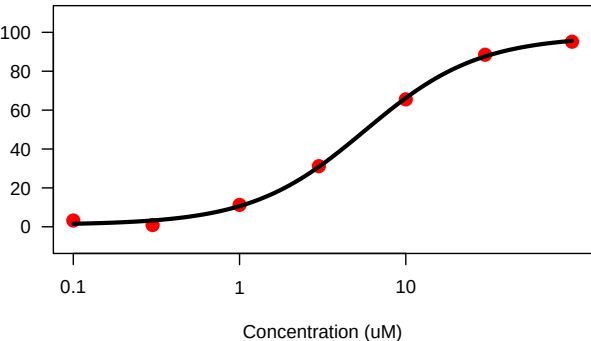

Polyphenols & Curcumin

Dose-response curve for drug: Curcumin

Dose-response curve for drug: Polyphenols

Dose-response matrix (inhibition)
